Comments on the current business activities

- The EBITDA achieved in April is above the plan.
- All planned sales targets were achieved on the domestic market. A particularly good result was achieved in ice cream segment, which contributed to realization of sales plan of ice-cream and frozen food in the January to April cumulatively.
- In April, growth was achieved in non-regional markets, particularly in the United States and France
- All planned seasonal sales venues have been activated for that part of the year, including Tisak in Zagreb, which is the result of the eliminated risk of loss of the sales locations of the Tisak kiosks.

Sincerely,
Ledo d.d. Zagreb
